Rotary Celebrates Canada 150 with Project Announcement

In celebration of Canada's 150th anniversary, the City of Peterborough is delighted to announce the generous support of the Rotary Club of Peterborough-Kawartha and the Rotary Club of Peterborough to bring the first **Adult Outdoor Gym** to Peterborough.

Rotary Outdoor Gym will be located in Beavermead Park adjacent to the volleyball courts and near the children's playground. It will consist of a variety of exercise machines, including some that are accessible for people with disabilities.

"We thank the City of Peterborough for their assistance in making this vision a reality. Rotary's mandate syncs perfectly with this project which will promote community development, health and well being," says Kim Winter, President of Kawartha Rotary.

"Rotary is proud to contribute to this valuable addition to Beavermead Park. Adult outdoor gym equipment has become very popular in other communities, and we are happy to provide this fitness option to Peterborough residents" remarks Bruce Gravel, President-Peterborough Rotary.

The outdoor gym equipment will be funded thanks to contributions of \$25K each from Rotary Club of Peterborough-Kawartha and the Rotary Club of Peterborough and \$40K committed by the City of Peterborough.
